Jefferson State Community College serves the greater Birmingham, Alabama area with four convenient locations including the Jefferson Campus, the Shelby-Hoover Campus, the St. Clair-Pell City Campus, and Chilton-Clanton Campus.

With a population of nearly one million, Birmingham is a mid-sized city in the heart of one of the largest urban regions in the South. The wonderful climate, tree-blanketed and hilly terrain, rich history and culture, and wonderful hospitality make Birmingham an ideal place to live. Healthcare, banking, insurance, distribution, retail, construction, engineering and a variety of service industries make up an economy that is excellent for business.

Jefferson State's beautifully wooded Jefferson Campus is located in a suburban area northeast of Birmingham and rests on one of the higher elevations in Jefferson County. This 234-acre campus is adjacent to Highway 79 and Carson Road. The Shelby-Hoover Campus is located on Valleydale Road in Shelby County, the fastest growing county in Alabama. The St. Clair-Pell City Campus is conveniently located near Interstate 20 in St. Clair County. The Chilton-Clanton Campus is conveniently located near Interstate 65.
